

## "Cravenette" IS A PROCESS & NOT A CLOTH

as has been correctly stated by MESSRS. ROGERS, PEET & CO. in their recent advertisements.

The "Cravenette" process can be and is applied to Worsteds, Woolens, Cottons, Linens, Silks and Mohairs, rendering every fibre of the yarn of these cloths rain proof, regardless of quality of fabric.

The "Cravenette" proof becomes as much a part of the cloth as the fastest dye and will last as long as the cloth does.

BUT, the intrinsic value of the garment is determined by its general style, trim, fit, and workmanship, and by the quality and weight of the cloth.

This stamp on the inside of a coat signifies that

"rain will neither wet nor spot it,"

and nothing more.

You should therefore purchase your "Cravenette" Rain Coats from a dealer whose reputation is a guarantee of the excellence and high-grade quality of his merchandise.

### HOSPITAL NURSES BEAT HIM,

SAYS PAVEY, WHO WAS A PATIENT ON WARD'S ISLAND.

He Declares He Was Kicked and Thrown to the Floor by the Same Men Who Are Held for Knak's Death—Brooklyn Institution's Record of His Injuries.

Charles Pavey, 28 years old, of 82 Livingston street, Brooklyn, says he was abused in the Manhattan State Hospital for the Insane on Ward's Island, in much the same manner as was Ludwig Knak, for whose death Nurses John Shea, Walter S. Reilly and Thomas H. Reilly are held responsible by a Coroner's jury.

Pavey declared yesterday that the same nurses had beaten him, accusing him of being an A. P. A. man. As a result of the beatings, Pavey declares he was black and blue all over his body, his eyes were blackened and the index finger of his right hand was broken.

When removed to the Long Island State Hospital for the Insane about a week ago Pavey was in a serious condition, his body being one mass of bruises. He was carefully treated and subsequently discharged as cured. The officials at the Clarkson street institution advised Pavey to lay his case before the proper authorities.

"I was sent to Bellevue about five weeks ago," said Pavey. "After two or three days I was sent to Ward's Island for observation. Shea was in charge of Ward 3, to which colony I was sent. There were about fifty men in the ward and five nurses took turns looking after our wants. I was in a curious shape mentally and was permitted to walk in the yard. One day Shea struck me a blow on the head. I appealed to a policeman, who advised me to go back in the line with the rest and not to be afraid."

"I did go back into the line and Shea came up to me and whispered in my ear that I was an A. P. A. and that I would get it when he got me back in the ward. I was ordered to go to bed, although it was early in the afternoon. Later I was taken out of the bed and ordered to take a bath. After the bath, while I was still naked, Shea and two others began taunting me about being an A. P. A. man. Then Shea kicked me and struck me a fearful blow over the eye. The other two men took me in their arms, threw me to the ceiling and let me fall to the polished hardwood floor. After kicking and beating me until I was a sight

to behold, I was carried off to bed. The next day I was unable to get out of bed. "The records of my admission will show what condition I was in when I entered the Flatbush institution. The bruises were still on my body, my index finger was broken and ruined for life and my face was a sight. My word need not be taken for all this. There are the records and the doctors and attendants who saw with their own eyes. I will take this matter to the proper authorities."

The story of Pavey's condition when he was received at the Flatbush institution was confirmed at the hospital last night. The District Attorney of Kings county will be asked to take up the matter.

### HAINES JURY DISAGREES.

She Was Suing Mrs. Robert Ireland for \$15,000 for Services.

After being out for almost four hours the jury that has spent a week listening to the trial of Miss Harriet A. Haines' suit against Mrs. Robert Ireland for \$15,000 as compensation for acting as Mrs. Ireland's companion and secretary for four years was unable to reach a verdict,

and was discharged by Supreme Court Justice MacLean. It was reported that the jury stood 8 to 4 for the plaintiff.

A stir was caused in the court house by the fact that Justice MacLean telephoned to the District Attorney's office shortly after the jury had retired, with a request that somebody be sent down to the court house. Assistant District Attorney Gray appeared, and there were rumors that somebody mixed up in the case was going to be arrested, but nobody was.
